### **INDEPENDENT AUDITORS' REPORT**

October 27, 2021

Members of the Board of Trustees Cook Memorial Public Library District Libertyville, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cook Memorial Public Library District, Illinois, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cook Memorial Public Library District, Illinois, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America

Cook Memorial Public Library District, Illinois October 27, 2021 Page 2

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cook Memorial Public Library District, Illinois' basic financial statements. The introductory section, other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Lauterbach & Amen. LLP

### MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis June 30, 2021

Our discussion and analysis of the Cook Memorial Public Library District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the District's financial statements.

### FINANCIAL HIGHLIGHTS

- The District's net position increased from a restated balance of \$14,466,309 to \$15,763,676, an increase of \$1,297,367 or 9.0 percent.
- During the year, government-wide revenues totaled \$9,844,696, while government-wide expenses totaled \$8,547,329, resulting in an increase to net position of \$1,297,367.
- Total fund balances for the governmental funds were \$7,567,765 at June 30, 2021 compared to \$6,598,791 in the prior year, an increase of \$968,974 or 14.7 percent.
- Beginning net position/fund balance was restated to correct an error in the prior year reporting of prepaids, accounts payable and accrued interest payable.

### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances.

For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operation in more detail than the government-wide statements by providing information about the District's most significant funds.

### **Government-Wide Financial Statements**

The government-wide financial statements provide readers with a broad overview of the Library's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the District's assets/deferred outflows and liabilities/ deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the District's property tax base, is needed to assess the overall health of the District.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements report functions of the District that are principally supported by taxes and charges for services revenues (governmental activities). The governmental activities of the District include the cultural function.

Management's Discussion and Analysis June 30, 2021

### **USING THIS ANNUAL REPORT - Continued**

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District only maintains governmental funds.

#### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, IMRF and Social Security Fund, and Special Reserve Fund, all of which are considered major funds. The Working Cash Fund is presented as a nonmajor fund.

The District adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide benefits to its employees.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information.

Management's Discussion and Analysis June 30, 2021

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the District, assets/deferred outflows exceeded liabilities/deferred inflows by \$15,763,676.

	Net Position			
		6/30/2021	6/30/2	020
Current Assets	\$	17,343,079	16,25	3,612
Capital Assets		20,041,924	20,82	9,813
Other Assets		147,604		_
Total Assets		37,532,607	37,08	3,425
Deferred Outflows		368,909	67	6,596
Total Assets/Deferred Outflows		37,901,516	37,76	0,021
Long-Term Liabilities		9,397,201	11,68	0,675
Other Liabilities		1,173,569	1,04	7,074
Total Liabilities		10,570,770	12,72	7,749
Deferred Inflows		11,567,070	10,45	6,903
Total Liabilities/Deferred Inflows		22,137,840	23,18	4,652
Net Position				
Net Investment in Capital Assets		10,140,924	10,23	1,813
Restricted		159,884	16	7,937
Unrestricted		5,462,868	4,17	5,619
Total Net Position		15,763,676	14,57	5,369

A large portion of the District's net position (\$10,140,924 or 64.3 percent) reflects its investment in capital assets (for example, land, buildings, equipment and furniture), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion, \$159,884 or 1.0 percent of the District's net position, represents resources that are subject to external restrictions on how they may be used (\$11,293 restricted for Donor, \$125,779 restricted for IMRF and \$22,812 restricted for social security). The remaining \$5,462,868, or 34.7 percent, represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

Management's Discussion and Analysis June 30, 2021

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued**

	Change in Net Position		
		6/30/2021	6/30/2020
Revenues			
Program Revenues			
Charges for Services	\$	21,921	85,544
Operating Grants/Contributions		96,776	78,921
General Revenues			
Property Taxes		9,556,888	9,336,580
Replacement Taxes		115,895	91,371
Interest and Miscellaneous		53,216	200,885
Total Revenues		9,844,696	9,793,301
Expenses			
Culture and Recreation		8,547,329	9,048,155
Change in Net Position		1,297,367	745,146
Net Position - Beginning as Restated		14,466,309	13,830,223
Net Position - Ending		15,763,676	14,575,369

Net position of the District's governmental activities increased from a restated balance of \$14,466,309 to \$15,763,676.

Revenues of \$9,844,696 exceeded expenses of \$8,547,329, resulting in the increase to net position in the current year of \$1,297,367.

### **Governmental Activities**

In the current year, governmental net position increased \$1,297,367 or 9.0 percent. Operating Grants/Contributions, Property Taxes and Replacement taxes revenues increased \$17,855, \$220,308, and \$24,524 over the prior year, respectively.

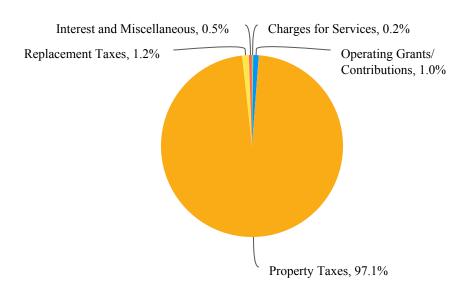

Management's Discussion and Analysis June 30, 2021

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued**

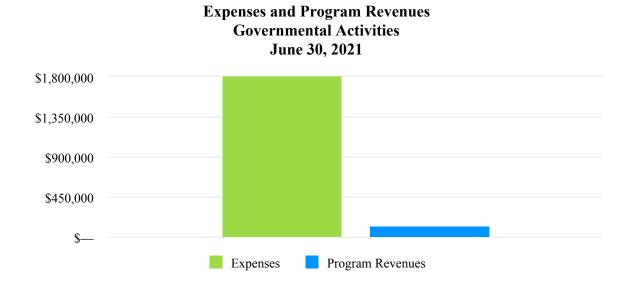

### **Governmental Activities - Continued**

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of property taxes to fund governmental activities.

### Revenues by Source - Governmental Activities June 30, 2021

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues. Program expenses, then signify the District's reliance on general revenues such as property taxes to fund operations.

Management's Discussion and Analysis June 30, 2021

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### **Governmental funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$7,567,765 which is an increase of 14.7 percent from last year's ending fund balance of \$6,598,791.

The General Fund reported an increase of \$1,040,444, prior to a transfer out of \$400,000. The transfer was primarily due to the District's typical annual transfer of unexpended General Funds to the Capital Projects (Special Reserve) Fund. This \$400,000 transfer is part of the funding earmarked for future capital projects and major repairs. The IMRF and Social Security Fund reported a decrease of \$3,872, due primarily to more spending of expenditures compared to the taxes received. The Special Reserve Fund had an increase of \$332,402, due primarily to the \$400,000 transfer from the General Fund.

### GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, no supplemental amendments were made to the budget for the General Fund.

The General Fund actual revenues were higher than budgeted revenues. Actual revenues for the current year were \$9,053,346, compared to budgeted revenues of \$8,922,000. This resulted primarily from property tax and grant receipts being \$110,347 and \$41,776 higher than the budgeted amounts of \$8,679,000 and \$55,000, respectively.

The General Fund actual expenditures were lower than budgeted expenditures. Actual expenditures totaled \$8,012,902, while budgeted expenditures totaled \$9,000,000. This was due primarily to substantial savings realized versus the budgeted expenditures in the areas of personnel services, maintenance, and community relation expenditures, along with smaller savings on other budget line items.

Management's Discussion and Analysis June 30, 2021

### CAPITAL ASSETS AND DEBT ADMINISTRATION

### **Capital Assets**

The District's investment in capital assets for its governmental activities as of June 30, 2021 was \$20,041,924 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, building, and improvements, furniture and equipment, vehicles, automated library system, and library materials.

	Capital Assets - Net of Depreciation		
		6/30/2021	6/30/2020
Land	\$	1,008,500	1,008,500
Construction in Progress		59,645	_
Building and Improvements		16,143,326	16,701,995
Furniture and Equipment		869,689	1,019,555
Vehicles		16,088	23,120
Automated Library System		57,474	72,386
Library Materials		1,887,202	2,004,257
Total		20,041,924	20,829,813

This year's additions to capital assets included the below:

Construction in Progress	\$ 59,645
Building and Improvements	4,043
Furniture and Equipment	91,253
Automated Library System	12,365
Library Materials	 466,809
	634,115

Additional information on the District's capital assets can be found in Note 3 of this report.

### **Debt Administration**

At year-end, the District had total outstanding debt of \$9,901,000 as compared to \$10,598,000 the previous year. During the current fiscal year, the District did not issue any new long-term debt, but retired \$697,000 of existing long-term debt.

State statutes limit the amount of debt a non-home rule governmental entity may issue to 2.875 percent of its total assessed valuation. The current debt limit for the Library is \$95,391,847.

Additional information on the District's long-term debt can be found in Note 3 of this report.

Management's Discussion and Analysis June 30, 2021

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal-year 2022 budget, including the economy, tax rates, and anticipated costs for services. The District is faced with a similar economic environment as many of the other libraries are faced with.

As of the date of this report, the extent of the impact of COVID-19 on the District's operations and financial position cannot be determined.

### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Library Director, Cook Memorial Public Library District, 413 N. Milwaukee Avenue, Libertyville, Illinois 60048

### **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

**Fund Financial Statements** 

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

# Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

For the Fiscal Year Ended June 30, 2021

Net Change in Fund Balances - Total Governmental Funds	\$ 968,974
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the	
Statement of Activities the cost of those assets is allocated over their estimated	
useful lives and reported as depreciation expense.	
Capital Outlays	634,115
Depreciation Expense	(1,422,004)
Disposals - Cost	(660,603)
Disposals - Accumulated Depreciation	660,603
The net effect of deferred outflows (inflows) of resources related	
to the pensions not reported in the funds.	
Change in Deferred Items - IMRF	(1,418,022)
The issuance of long-term debt provides current financial resources to	
governmental funds, while the repayment of the principal on long-term	
debt consumes the current financial resources of the governmental funds.	(55.456)
Change to Compensated Absences Payable	(55,456)
Change to Net Pension Liability/(Asset) - IMRF	1,886,320
Retirement of Debt	697,000
Changes to accrued interest on long-term debt in the Statement of Activities	
does not require the used of current financial resources and, therefore, are not	
reported as expenditures in the governmental Funds	 6,440
Changes in Net Position of Governmental Activities	1,297,367

Notes to the Financial Statements June 30, 2021

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Cook Memorial Public Library District (the District) is an Illinois local government. The District maintains two facilities, the Aspen Drive Library, Vernon Hills, and the Cook Park Library, Libertyville and operates a traveling bookmobile. The District's mission is to provide and promote open access to information, ideas, and creative expression and to encourage life-long learning and personal growth.

The government-wide financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and reporting principles. The more significant accounting policies are described below.

### REPORTING ENTITY

The District is a body and politic established under Illinois Complied Statues governed by an elected Board of Trustees. These financial statements present the District's reporting entity as required by accounting principles generally accepted in the United States of America. The District is considered to be a primary government since its Board of Trustees is separately elected and the District is fiscally independent.

The District has developed criteria to determine whether organizations with separate governing boards meet the criteria of a component unit. The criteria include whether the potential component unit is legally separate, and whether the District is financially accountable for the organization. There is no entity included as a component unit, and the District is not considered to be a component unit of any other government unit.

### **BASIS OF PRESENTATION**

#### **Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). The District's culture and recreation services are classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis and reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. These functions are supported by general government revenues (property taxes, certain intergovernmental revenues, and charges for services, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Notes to the Financial Statements June 30, 2021

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### **BASIS OF PRESENTATION - Continued**

#### **Government-Wide Statements - Continued**

The net costs (by function) are normally covered by general revenue (property tax, intergovernmental revenues, interest income, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

### **Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

*General Fund* is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

*Special Revenue Funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specified purpose. The District maintains one nonmajor special revenue fund.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Special Reserve Fund is a major fund.

*Permanent Funds* are used to report resources that are legally restricted to the extent that only earning, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry. The District maintains one nonmajor permanent fund.

### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

### **Measurement Focus**

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below.

Notes to the Financial Statements June 30, 2021

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### **MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued**

#### **Measurement Focus - Continued**

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the "economic resources" measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

### **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end.

The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due, if applicable.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, utility taxes, hotel/motel taxes, fines, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Notes to the Financial Statements June 30, 2021

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

### **Cash and Investments**

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, and and short-term investments with original maturities of three months or less from the date of purchase.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. At year-end, the District does not have any investments.

### **Receivables**

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances include property taxes.

### Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

### **Prepaids**

Prepaids are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

### **Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Notes to the Financial Statements June 30, 2021

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

### **Capital Assets**

Capital assets purchased or acquired with an original cost of \$2,000 or more, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Building and Improvements	40 Years
Furniture and Equipment	5 - 20 Years
Vehicles	8 Years
Automated Library System	5 Years
Library Materials	7 Years

### **Compensated Absences**

The District provides paid vacation for all full-time employees based on their job classification or the number of years of service. The District's policy allows employees to accumulate unused vacation days up to thirty-five days. These days are then paid to the employee based on their salary upon retirement or termination. All vacation pay is accrued when incurred in the government-wide financial statements. In addition, all full-time employees accrue sick leave at the rate of one day per month to a maximum of 240 working days. Since these accumulated sick days are not payable when the employee leaves employment there is no sick pay accrued at year end.

### **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities on the Statement of Net Position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

Notes to the Financial Statements June 30, 2021

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

#### **Net Position**

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

### **BUDGETARY INFORMATION**

The District's budget is prepared on the modified accrual basis of accounting. As prescribed by the statutes, the District in its budgeting process includes as a resource (amount available for current expenditures) a portion of the fund balance what has been accumulated in prior years. The budgets must be approved within 90 days after the beginning of the fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The Board of Trustees adopts a Budget and Appropriation Ordinance
- 2. Notice is published in the paper that the tentative Annual Budget and Appropriation Ordinance are available for public inspection.
- 3. Budget hearings are conducted, 30 days after publication.
- 4. The budget is legally enacted through passage of an ordinance by the Board of Trustees.
- 5. The budget may be amended by the Board of Trustees.
- 6. Budgets are adopted on a basis consistent with the prior year.
- 7. A certified copy of the Annual Budget and Appropriation Ordinance must be filed with the County Clerk within 30 days of adoption.

During the year ended June 30, 2021, there were no amendments to the operating budget. The original and final budget amounts presented represent the original operating budget and final operating budget. The budget was approved on August 18, 2020 for all funds, except the Working Cash Fund.

Notes to the Financial Statements June 30, 2021

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### **DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments."

Permitted Deposits and Investments - Illinois Statutes authorizes the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, which is the price for which the investment could be sold.

#### Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk

*Deposits*. At year-end, the carrying amount of the District's deposits totaled \$11,801,905 and the bank balances totaled \$11,897,049. In addition, the District has \$405,805 invested in the Illinois Funds at year-end, which has an average maturity of less than one year.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. It is the policy of the District to invest its funds in a manner which will provide the highest investment return and ensure the safety of principal while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy in order of priority are safety, liquidity and return on investment. The District's investment policy does not limit the Library's investment portfolio to specific maturities, although it does state that the Treasurer shall establish a maximum maturity limit.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Library's investment policy does not address credit risk. At year-end, the District's investments in the Illinois Funds were rated AAAm by Standard and Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Library's deposits may not be returned to it. The District's investment policy states that balances in all deposit accounts will not exceed the insured amount. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

Notes to the Financial Statements June 30, 2021

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### **DEPOSITS AND INVESTMENTS - Continued**

#### Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk - Continued

Custodial Credit Risk - Continued. For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The District's investment policy states that investments will only be made in securities guaranteed by the U.S. government or insured accounts.

Concentration Risk. This is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not address concentration risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio.

#### PROPERTY TAXES

Property taxes for 2020 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically to the District. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

#### INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
Special Reserve	General	\$ 400,000

Transfers are used to move revenues from the General Fund to the Capital Projects Fund for future capital improvement projects.

Notes to the Financial Statements June 30, 2021

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **CAPITAL ASSETS**

#### **Governmental Activities**

Governmental capital asset activity for the year was as follows:

	Beginning			Ending
	Balances	Increases	Decreases	Balances
Nondepreciable Capital Assets				
•	\$ 1,008,500	_	_	1,008,500
Construction in Progress	<del>-</del>	59,645	_	59,645
	1,008,500	59,645	_	1,068,145
Depreciable Capital Assets				
Building and Improvements	21,627,689	4,043	_	21,631,732
Furniture and Equipment	2,546,488	91,253	_	2,637,741
Vehicles	224,914	_	_	224,914
Automated Library System	335,162	12,365	_	347,527
Library Materials	4,183,945	466,809	660,603	3,990,151
	28,918,198	574,470	660,603	28,832,065
Less Accumulated Depreciation				
Building and Improvements	4,925,694	562,712	_	5,488,406
Furniture and Equipment	1,526,933	241,119	_	1,768,052
Vehicles	201,794	7,032	_	208,826
Automated Library System	262,776	27,277	_	290,053
Library Materials	2,179,688	583,864	660,603	2,102,949
	9,096,885	1,422,004	660,603	9,858,286
Total Net Depreciable Capital Assets	19,821,313	(847,534)		18,973,779
Total Net Capital Assets	20,829,813	(787,889)	<u> </u>	20,041,924

Depreciation expense of \$1,422,004 was charged to the culture and recreation function.

Notes to the Financial Statements June 30, 2021

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### **LONG - TERM DEBT**

#### **Debt Certificates**

The District issues debt certificates to provide funds for the acquisition and construction of major capital facilities. Debt certificates have been issued for the governmental activities. Debt certificate currently outstanding are as follows:

Beginning			Ending	
Issue	Balances	Issuances	Retirements	Balances
General Obligation Refunding Debt Certificates (Limited Tax), Series 2015A - Due in annual installments of \$125,000 to \$330,000 plus interest at 2.31% through February 1, 2028.	\$ 2,325,000	_	285,000	2,040,000
Refunding Debt Certificates, Series 2016 - Due in annual installments of \$325,000 to \$770,000 plus interest at 1.84% through February 1, 2029.	3,840,000	_	340,000	3,500,000
Debt Certificates, Series 2019 - Due in annual installments of \$72,000 to \$465,000 plus interest at 3.62% through February 1, 2039.	4,433,000	<u> </u>	72,000	4,361,000
	10,598,000		697,000	9,901,000

#### **Long-Term Liability Activity**

Changes in long-term liabilities during the fiscal year were as follows:

					Amounts
	Beginning			Ending	Due within
Type of Debt	Balances	Additions	Deductions	Balances	One Year
Governmental Activities					
Compensated Absences	\$ 204,795	110,912	55,456	260,251	52,050
Net Pension Liability/(Asset) - IMRF	1,738,716		1,886,320	(147,604)	
Debt Certificates	10,598,000	_	697,000	9,901,000	712,000
	12,541,511	110,912	2,638,776	10,013,647	764,050

Payments on the compensated absences, net pension liability/(asset), and debt certificates are made by the General Fund.

Notes to the Financial Statements June 30, 2021

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### **LONG-TERM DEBT - Continued**

#### **Debt Service Requirements to Maturity**

The annual debt service requirements to maturity, including principal and interest, are as follows:

Fiscal	 Debt Certificate		
Year	Principal	Interest	
2022	\$ 712,000	269,454	
2023	728,000	253,628	
2024	744,000	237,426	
2025	761,000	220,792	
2026	778,000	203,700	
2027	795,000	186,368	
2028	813,000	168,756	
2029	830,000	151,728	
2030	96,000	135,388	
2031	350,000	131,912	
2032	362,000	119,242	
2033	375,000	106,138	
2034	389,000	92,564	
2035	403,000	78,482	
2036	418,000	63,894	
2037	433,000	48,762	
2038	449,000	33,086	
2039	465,000	16,840	
Total	 9,901,000	2,518,160	

#### Legal Debt Margin

Chapter 50, Section 405/1 of the Illinois Compiled Statutes provides "...no county having a population of less than 500,000 and no township, school district or other municipal corporation having a population of less than 300,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 2.875% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the governmental unit's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Notes to the Financial Statements June 30, 2021

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### **LONG-TERM DEBT - Continued**

#### **Legal Debt Margin - Continued**

Assessed Valuation - 2020	\$ 3,317,977,286
Legal Debt Limit - 2.875% of Assessed Value Amount of Debt Applicable to Limit	95,391,847
None applicable	
Legal Debt Margin	95,391,847

#### NET POSITION/FUND BALANCE RESTATEMENTS

Beginning net position/fund balance was restated due to correct an error in the prior year reporting of prepaids, accounts payable, and accrued interest payable. The following is a summary of the net position as originally reported and as restated:

				Increase
Net Position/Fund Balance	A	As Reported	As Restated	(Decrease)
Governmental Activities	\$	14,575,369	14,466,309	(109,060)
General Fund		3,297,056	3,306,708	9,652

#### NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of June 30, 2021:

Governmental Activities		
Capital Assets - Net of Accumulated Depreciation	\$	20,041,924
Less Capital Related Debt:		
General Obligation Refunding Debt Certificates (Limited Tax), Series 2015A		(2,040,000)
Refunding Debt Certificates, Series 2016A		(3,500,000)
Long-Term Debt Requirements		(4,361,000)
Net Investment in Capital Assets	_	10,140,924

Notes to the Financial Statements June 30, 2021

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Nonspendable Fund Balance.* Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

*Unassigned Fund Balance*. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

*Minimum Fund Balance Policy*. The District's policy manual states that the General Fund should maintain a minimum fund balance equal to 70% to 75% of budgeted operating expenditures.

Notes to the Financial Statements June 30, 2021

#### **NOTE 4 - OTHER INFORMATION**

#### RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the District's employees. The District has purchased insurance from private insurance companies. Risks covered included certain types of liabilities and bonds. The District currently reports all its risk management activities in the General Fund. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Notes to the Financial Statements June 30, 2021

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### **CONTINGENT LIABILITIES**

#### Litigation

The District is not a defendant in any lawsuits.

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

#### **Financial Impact from COVID-19**

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the District's operations and financial position cannot be determined.

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

#### Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at <a href="www.imrf.org">www.imrf.org</a>. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

#### **Plan Descriptions**

*Plan Administration*. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

Notes to the Financial Statements June 30, 2021

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

#### Illinois Municipal Retirement Fund (IMRF) - Continued

#### **Plan Descriptions - Continued**

Benefits Provided - Continued. IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2020, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	85
Inactive Plan Members Entitled to but not yet Receiving Benefits	44
Active Plan Members	83
Total	212

*Net Pension Liability*. The District's net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Notes to the Financial Statements June 30, 2021

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

#### Illinois Municipal Retirement Fund (IMRF) - Continued

#### **Plan Descriptions - Continued**

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended June 30, 2021, the District's contribution was 12.21% of covered payroll.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2020, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age
	Normal

Asset Valuation Method Fair Value

**Actuarial Assumptions** 

Inflation

Interest Rate 7.25%

Salary Increases 2.85% to 13.75%

2.25%

Cost of Living Adjustments 2.25%

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Notes to the Financial Statements June 30, 2021

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

#### Illinois Municipal Retirement Fund (IMRF) - Continued

#### **Plan Descriptions - Continued**

Actuarial Assumptions - Continued.

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	28.00%	1.30%
Domestic Equities	37.00%	5.00%
International Equities	18.00%	6.00%
Real Estate	9.00%	6.20%
Blended	7.00%	2.85% - 6.95%
Cash and Cash Equivalents	1.00%	0.70%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

### **Discount Rate Sensitivity**

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the District calculated using the discount rate as well as what the District's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current				
	1% Decrease (6.25%)	Discount Rate (7.25%)	1% Increase (8.25%)			
	(0.2370)	(1.2370)	(8.2370)			
Net Pension Liability/(Asset)	\$ 2,313,029	(147,604)	(2,123,668)

#### Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the District recognized pension revenue of \$13,567. At June 30, 2021, the District reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

	Deferred		Deferred	
	Outflows of		Inflows of	
	R	esources	Resources	Totals
Difference Between Expected and Actual Experience	\$	91,813	(144,531)	(52,718)
Change in Assumptions		48,051	(134,371)	(86,320)
Net Difference Between Projected and Actual				
Earnings on Pension Plan Investments			(1,810,101)	(1,810,101)
Total Expense to be				_
Recognized in Future Periods		139,864	(2,089,003)	(1,949,139)
Pension Contributions Made Subsequent				
to the Measurement Date		229,045	_	229,045
Total Deferred Amounts Related to IMRF		368,909	(2,089,003)	(1,720,094)

\$229,045 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2022. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

	Ne	Net Deferred			
Fiscal	(	(Inflows)			
Year	of	Resources			
2022	\$	(584,190)			
2023		(336,073)

Notes to the Financial Statements June 30, 2021

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### OTHER POST-EMPLOYMENT BENEFITS

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. However, there is minimal participation. As the District provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Therefore, the District has not recorded a liability as of June 30, 2021.

### REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

### OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

 Budgetary Comparison Schedule - Major Governmental Fund General Fund

#### INDIVIDUAL FUND DESCRIPTIONS

#### **GENERAL FUND**

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

#### SPECIAL REVENUE FUND

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

#### **IMRF** and Social Security Fund

The IMRF and Social Security Fund is used to account for the revenues derived from specific annual property tax levies to fund payments to the state controlled pension fund and federally administered social security.

#### **CAPITAL PROJECTS FUND**

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

#### **Special Reserve Fund**

The Special Reserve Fund is used to account for financial resources used for the acquisition or construction of major capital assets.

#### PERMANENT FUND

Permanent Funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

#### **Working Cash Fund**

The Working Cash Fund is used to account for payments for general government expenditures if tax revenue is temporarily unavailable. Upon receipt of tax revenues, the General Fund must repay this permanent fund.
