## PHILOSOPHY

- We believe that children learn at different paces.
- We believe learning takes place in a variety of ways through a variety of materials.
- We believe that play is the work of children.
- We believe that play serves as a tool for learning and developing.
- We believe that through exploration, creativity and self-expression, children develop self-esteem.
- We believe that peace of mind is an important factor in creating a manageable family life. Our program is devoted to providing a safe, secure, and comfortable environment for children and their families.
- We believe that age-appropriate experiences help children become confident, curious, and comfortable in social situations and help promote cooperation while building a solid foundation for lifelong learning and success.

## CURRICULUM

Our curriculum enhances the children's environment and supports play based learning. By using the Creative Curriculum, children apply skills learned through their play and address the four areas of development: social/emotional, physical, cognitive, and language. Our curriculum is designed to foster development of the whole child. Children's interest and teacher guided learning lead to activities with purpose. Inspired activities center around the interest areas such as language/literacy, math, science, blocks, dramatic play, manipulative, art, sensory, music and movement, technology and outdoors.

## PHILOSOPHY

Bright Horizons® is trusted by families around the world to provide care and education for their children. In more than 1,000 child care centers in the United States and beyond, we offer the highest-quality care and learning that delivers both the solution working parents need, and the classroom experiences children deserve to get ready for school and become enthusiastic learners for life.

Our research-based World at Their Fingertips® curriculum meets children where they are developmentally, with Signature Practices that build confidence and excitement about learning at every age and stage. In every classroom, the goal is to help children do more than learn; it's to cultivate the joy of learning. And our emergent approach — teaching skills by leveraging a child's own interests — enables teachers to tailor activities and projects for the specific talents and needs of each child in the class.

# CDW AT PLAY CHILD CARE CENTER BY BRIGHT HORIZONS

165 N. LAKEVIEW PARKWAY, VERNON HILLS, IL 60061

## CURRICULUM

### Infants:

Our program offers individualized care for your baby. Highlights include: an assigned primary caregiver for one-to-one moments of caring, play, and communication; personalized care plans to support daily schedules, nutritional guidelines, and other unique needs; and, sensory-rich spaces and soft places to explore, roll over, pull up, and crawl.

### Toddlers:

Our toddler program is a safe place for your newly independent child to test out and learn new skills, wonder about everything, and discover how to make friends. It's all alongside teachers who know every day that they're not caring for any child, but the most important child — yours. Highlights include: support for newfound independence, language, and social skills; a focus on individual growth and making choices; learning centers that encourage language and reading, fine motor skills, math, art, dramatic play, science, and outdoor learning; and, a relaxed environment to foster individual development and self-help skills.

### Preschoolers:

Preschoolers are ready to take chances and experiment with new things. With teachers' support, these inquisitive young minds will tackle new challenges, and advance the skills they'll need for kindergarten and beyond. Highlights include: independent, teacher-directed, and small-group activities that encourage investigation, exploration, and discovery; learning approaches that adapt to each child and incorporate their strengths and interests; curriculum that supports creative expression, literacy, music, and more; confidence-building opportunities to solve problems and make decisions; and, STEM learning that encourages future-forward skills.

### Kindergarteners:

The last year before kindergarten is a time of enormous and exciting growth. As a parent, you want your child to enjoy this stage while building the right skills for the steps ahead. We offer a program that gives you both; teachers who cherish this important time, and curriculum recognized by parents and teachers for helping children build the social and academic skills needed to be ready for school. Highlights include: teachers who encourage children to reach developmental and academic milestones; creative, hands-on, and project-based learning; support for core pre-academic areas including literacy, mathematical reasoning, and scientific investigation; multiple and diverse learning activities that ensure children thrive in all areas of development; and, focus on the understanding of teamwork and positive self-image.

## PHILOSOPHY

We believe "learning through play" is essential to child development and the learning process. We believe that learning begins at a very early age, and we create an atmosphere where a wide range of experiences are available in happy and positive surroundings. We give the children the opportunity to explore, discover, problem solve, respect others, and build self-esteem. Themes are integrated in a fun way through play, games, and activity centers of art, science, math, dramatic play, reading, language/literacy and music.

## CURRICULUM

Our play-based curriculum includes age-appropriate math, science and literature activities that foster excitement for learning and exploring. We include activities that help the children share and work together, and we promote learning all the skills that will make them successful and have a positive attitude towards learning.

## PHILOSOPHY

LCNS is dedicated to providing an age-appropriate, child centered curriculum that provides learning experiences to develop a child's skills, confidence and overall aptitude. Our play-based approach capitalizes on the natural curiosity and interests of children. Our teachers are facilitators within an active, collaborative environment. Children are guided through developmentally appropriate activities that encourage creative, purposeful investigation and align with the state's Early Learning and Development standards.

All areas of development are promoted through play, the work of the child! Our cooperative philosophy welcomes parents and families to play a crucial role in their child's early learning experience.

## CURRICULUM

Our play-based curriculum aligns with the Illinois Early Learning and Development Standards. All developmental areas are addressed and all types of learners are supported through our age-appropriate activities. Our curriculum is child-centered and engages young learners through a variety of explanatory learning opportunities.

**Accreditation:** AMS and recognized by the State of Illinois for kindergarten and elementary school

**Facility Established:** 1964

Libertyville Montessori School is a "Little Red Schoolhouse" situated on a lovely wooded, private, and secure, two-acre setting.

We offer unique, octagonal shaped classrooms, which house our pre-primary, primary, and elementary children.

We have a one-acre playground located at the rear of our property, which is entirely fenced in and maintains the natural setting of the wooded property.

# LIBERTYVILLE MONTESSORI SCHOOL

450 S. Butterfield Road Mundelein, IL 60060

## PHILOSOPHY

The philosophy of Libertyville Montessori School is one in which every child is treated with respect, and as a unique individual. We encourage the children to be independent workers and thinkers, through a variety of experiences and opportunities that are provided in a child-centered, prepared classroom, with the use of concrete Montessori materials.

## CURRICULUM

All classrooms are equipped with Montessori materials, which make it possible for hands on learning. The children are free to walk about the child-centered prepared classroom and choose presented work. Through the work, children develop order, concentration, discipline, independence, and self-confidence, as well as a love of learning. Our belief is that with self-confidence and self-esteem, a child can truly learn anything. The ongoing goal for the staff of Libertyville Montessori School will always be "MEET THE NEEDS OF EACH CHILD EACH DAY".

## PHILOSOPHY

Our preschool program is conceptually based and fosters curiosity, creativity and social interaction. We believe that a child's intellectual, physical, social, emotional and creative growth is nurtured through play, wonder, and active, meaningful involvement in first-hand experiences.

Preschool learning is about discovering through literature, math and science; it's about building confidence and esteem. At Little Knights, we believe all of this, and more can be learned through play-providing play that is meaningful. A child's play is their "work." We provide both guided and free play activities to nurture imagination, initiative and problem-solving.

Our curriculum utilizes the Developmentally Appropriate Practice (DAP) teaching techniques to provide our students with a significant, hands-on learning experience. The DAP approach helps children learn in a more fun, interactive and meaningful way.

Our program values teaching of socialization, cooperation and respect in a loving, Catholic faith environment.

## CURRICULUM

Children learn through their senses. Our curriculum utilizes monthly themes, incorporating different, interactive approaches to reinforce the concept being introduced. The following curriculum areas are included in our preschool program: Religion, Reading, Language Arts, Heggerty Phonemic Awareness, Math Readiness, Science/Discovery, Social Studies/Character Education, My Big World by Scholastic, Creative Arts Activities, Music & Movement, Physical Education, Library/Media, Art Appreciation, In-House Field Trips
